Reminders:

SCIENCE FAIR:

Salish Coast Science Fair will take place on February 28th. This is a homework project for Smiddles. Juniors are encouraged to participate, but not required to. By this week, your child should have a solid idea of what they are going to research, as well as an inquiry question (or more) that allows them to dig deeper! Thank you for supporting your child with this process. Please turn in your forms to the office and pick up your boards as soon as possible!

VALENTINE'S DAY:

We will be having a Valentine's celebration on Thursday, February 13th, in the afternoon. Please send along healthy snacks to share. If your child would like to create valentines, we ask that they bring one for every child (class list was sent home last week). It may be easier to leave names off valentines, except for your own. If your child want to put names on the valentines, please organize them by grade level for ease of passing out. Please keep candy at home. We will need large paper grocery bags for each child. Please send in any that you may have!

REPORT CARDS:

Report cards have been mailed home. As a reminder, **math** grades are based on END-of-year standards. In some areas, concepts have not been fully covered yet. For **literacy**, reading grades are based on benchmarks. Reading level benchmarks are on each report card. Teachers are happy to answer questions about report cards if you have any concerns. With our Wonderful Week and Goal Setting approaching, it may be a good time to check in with your child about what they would like to work on.

SALISH COAST FISH TANK: We are still looking for volunteers to help with tank care (tank is by the office). This can count towards your OPEPO volunteer hours. Email Cherry if interested in more info
